<sup>1</sup> WITHOUT A VALID WARRANT AUTHORIZING ACCESS TO THIS PROPERTY, SIGNED BY A JUDGE, LESS THAN 10 DAYS OLD which EVERYONE KNOWS YOU DON'T HAVE

## IF ICE IS AT YOUR DOOR:

- **Be aware:** ICE may try forcing inside if you unlock or open the door at all. Also, ***INITIATING ANY PHYSICAL CONTACT WITH ICE IN ANY WAY CAN PUT YOU IN GRAVE LEGAL AND/OR PHYSICAL DANGER.***
- Lock the door. Take a deep breath.
- If other people are nearby, ask them to call the Monarca hotline (612-441-2881) and to film (but **not** livestream).
- Say (through the closed door or a window): “Do you have a warrant? I can not let you in without a warrant”
- If they do not have a warrant, **DO NOT LET THEM IN.** Do not speak with them or engage any further.
- If they say they have a warrant, ask them to hold it up to a window (ideal) or slide it under the door (if no window).
- Take a picture of the warrant. To be valid, must be:
  - 1) **SIGNED BY A JUDGE.** Look for the word “judge,” “magistrate judge,” or “judicial officer” at the bottom by the signature
    - (they may instead try to present you with an administrative warrant, which has no constitutional value and is signed by an immigration officer. Look for stock form #s 200 or 205).
  - 2) **RECENT** - look for the date, it must be within 10 days of today
  - 3) **HAVE THE CORRECT ADDRESS AND AUTHORIZE SEARCH** - only warrants that specifically authorize ICE to search an address obligate you to let them in at that address. An Arrest warrant, without a search component, doesn’t authorize them to enter a location *EVEN IF the person named in the warrant happens to be inside.*
- If **ANY** of those three requirements are not present, say “This is not a valid warrant. I cannot let you in.” Do not engage with them further.
- If **ALL THREE** of those requirements are met, the warrant is valid and they’re allowed to enter.
